

CITY ITEMS.

This is the only district in Indiana in which the draft has taken place.

We noticed two men were mustered in yesterday and credited to New Albany. That city must have a recruiting office or substitute broker at work here.

Proctor's—First Lieut. Jacob Cribbe to be captain, 34th Regt. Wm. A. Carey to be 1st lieutenant, 1st Regt. Cavalry, 2d Ind. Inf. and 2d lieutenant of company A, 142d Regt. Inf.

T. Williams, an old and highly respected citizen, died in this city yesterday. He will be buried this afternoon by the Odd Fellows of the city.

Mr. L. F. Rand, recently dismissed from the theatre, has, we understand, through a petition from his friends, been reinstated, and will make his appearance on the boards next week.

Yesterday was a cold, raw, wet, unpleasant, disagreeable day, both overhead and under foot. As this is the 9th of March, it is about time we were having some spring weather.

DRAFT MEETING OF THE 6TH WARD.—A meeting of the drafted men and their friends of the 6th ward will be held this (Thursday) at George Keoniger's, South Meridian street. Come out, drafted men, and do your part of the work, and the quota will be filled.

APPOINTMENTS.—The following appointments to the new Indiana regiments were made yesterday:

One hundred and forty-fourth—Geo. W. Riddle, Colonel; Henry C. Ferguson, Lieutenant Colonel; Emanuel R. Hann, surgeon, and Robert Kay and Thomas O. Neal, assistant surgeons.

DISMISSED.—The following named captains of the 99th Ind. volunteers have been dismissed for absence without leave: Joseph B. Homan, Charles M. Scott, and Samuel Moore. The absence without leave, however, is presumed to be purely technical, owing to the failure of the officers to forward to the war department the proper military certificates of their disability.

The Ohio river is now very high, being in excess of street and roads, and in some places up to the second story of houses, both in Cincinnati and Lawrenceburg. It will temporarily suspend the freight business, and detain passengers, as there are parts of the road that are dangerous to pass over. The freight business will be suspended for some time, so that in a few days the trouble to travel will be over.

TAKEN TO NIGHT.—The benefit of the drafted men is announced at the tabernacle this evening. The German theatrical troupe—Manerich and Hahn's band, have all kindly consented to volunteer for the occasion, which promises to be a treat to the public. We trust that the public will respond generally to the cause, the object being to raise funds to pay bounties to volunteers for the city. Let the tabernacle be crowded.

METROPOLITAN THEATRE.—Miss Thompson, who has been with her audience with her artistic singing, which is witnessed by crowded houses, to-night she appears, and for the night—on as Julia in the great play of the "Hunchback."

Mr. Riley, as Master Willie May, and St. Thomas, Clifford, Mrs. Hodges as Helen, and Mr. White as Luther. The "Ghost in the Skin of a Man" concludes the performance.

PROCTOR MARSHAL'S OFFICE.—There were mustered in and sent to camp yesterday, by the Provost Marshal of this district, 63 men, divided as follows:

42 recruits.
16 substitutes.
5 drafted men.

Of the recruits eighteen were credited to the city—the 1st ward two, to the 3d one, to the 4th one, to the 5th two, to the 6th three, to the 7th three, to the 8th two, to the 9th three.

WALKER'S POCKET CLOTHES RACK.—G. F. Adams, 56 East Washington street, has for sale this very useful and convenient clothes rack, that must take the place of the wooden one, and is extensively used in this city. It is all iron, and so constructed that it can be stretched to its full length, or folded to suit the joints in the wall, or the place where it is most desirable to hang it. The rack is copper plated, and is the nearest manner, accompanied with brass headed nails to put it up, and an India rubber band is around each hook to prevent its rubbing the paper or wall. It is the best thing of the kind we have seen.

We cut the following from the Springfield Republican:

Staff & Gaylor's Minstrel's concert at City Hall, last night, was a success and a merited one. Not every minstrel troupe is patronized by deacons and other prominent church members, and when a troupe is introduced by a pillar in an orthodox church, it must certainly be a good one. The staff & Gaylor's troupe, with its fair and its example, all hands may turn out to night and give the minstrel a benefit. They sing well, play well, and have given universal satisfaction.

This celebrated eastern troupe make their first appearance in Indianapolis, at Masonic Hall, on Thursday evening, March 23d, and continue for three nights, and on Saturday afternoon.

A TROUBLESOME NIGER.—An elderly colored woman, about forty years old, and thought to be laboring under insanity, went to the house of Gen. Lee Noble about noon yesterday, and lived a night, and her conduct was so strange. She got Mrs. Noble's little daughter to write a letter to a colored man at Princeton for money, stating that she was engaged to him. A few weeks afterward she called and demanded the money, stating that she was engaged to him. Several times afterward she called and insisted on having the money. Last Saturday she threw a note in the hall, demanding the money, and saying it was not paid by Monday she would kill Mrs. N. Mr. N. spent three hours on Sunday hunting for her, but without success.

Yesterday she went round to the kitchen and said to Mrs. N. who happened to be there, that she wanted her money, and appeared to wild. Mrs. N. ran into the front part of house and up stairs, throwing open the window and calling for help. The woman came round to the front and fired at Mrs. N. in the window, but did not hit her.

Mr. N. was sent for and followed her, putting her into the hands of the policemen, who took her pistol from her and carried her before the mayor, where she was held and sent to jail for carrying concealed weapons, until her condition can be ascertained. It is said that her insanity is real, and she will be dealt with accordingly, but if otherwise she is a mad woman, and should be confined in an asylum.

As the afflicted creature quite a disturbance in the neighborhood, and exaggerated accounts may be circulated, we think it due to the general to give the above statement of facts.

Meeting of the Drafted Men.—The drafted men held a meeting last evening at the Court House.

George Lowe occupied the chair, and G. W. Geiger was appointed secretary.

The general sentiment reported coincided to the recruiting fund and were continued.

The time for the drafted men to pay the \$25 to the recruiting fund is hoped every man will avail himself of the benefit of credits.

Messrs. Jos. W. Davis, J. H. Kappes and Geo. Lowe were appointed a committee to see that the money was paid, and to see that the drafted men were properly treated.

Mr. Jos. K. English offered the following, which was unanimously adopted:

Resolved, That on Friday evening next we will proceed to call the roll of the drafted men of this city, and that every drafted man will be expected to report in person; whether they have or will pay the \$25 expected of them, and if not, the reason why; and that every drafted man failing to report on said evening will be considered as wishing to go to the army.
